

# Medicaid cuts and caps hurt US

**1 in 5 Americans rely on Medicaid to stay healthy and independent. Medicaid cuts and per capita caps mean less care, lost jobs, and greater hardships for families, especially in rural areas.**

## Congress: Don't cut and cap Medicaid

### Supporting Organizations

|                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                   |
