

# THE AGING NETWORK'S LARGEST NON-ELDER STAKEHOLDER

## **The National Alliance for Caregiving Presents: The 12th Annual National Conference of Caregiver Advocates American Society on Aging Conference—Aging in America**

San Francisco, California  
Monday, March 26, 2018.

Family Caregivers may be the largest non-elder stakeholder in the aging network, but they are also much more. At a population of nearly 44 million, caregivers are generally one of the largest constituent groups in the United States. If mobilized and prepped for advocacy, caregivers would have an incredibly dominant voice on the national stage when it comes to setting policies and practices that benefit not only themselves, but also those they care for every day.

The National Alliance for Caregiving is leading the way to engage and leverage this powerful voice for policy change by hosting the 12th Annual National Conference of Caregiver Advocates—*The Aging Networks Largest Non-Elder Stakeholder*. This all-day event is held in conjunction with the American Society on Aging Conference—Aging in America—in San Francisco, California on Monday, March 26, 2018.

### **PRESENTATION TOPICS INCLUDE:**

- Building Capacity to Support Caregivers Across the Lifespan
- Caregiver-Friendly Communities
- The 21st Century Workforce in a 21st Century Workplace
- Mapping the Caregiver Journey
- Workshop: Next Steps for Caregiver Advocacy
