\* States can apply more liberal income and resource eligibility criteria. Check with your state Medicaid agency.

\*\*Income limits, as per CMS guidance, are rounded up to the next dollar. States may disregard other income aside from the standard \$20 general exclusion.

\*\*\*QDWI income thresholds range up to 400% FPL and include \$20 unearned and \$65 earned income disregards.

^ Resources do not include \$1,500 per person burial allowance. States vary on how they count this resource; see [our burial disregard fact sheet](#) for more information.

All figures in this chart are derived from <https://www.medicaid.gov/medicaid/eligibility/medicaid-enrollees/index.html>.

State guidelines are estimated using 2022 poverty figures and published variations to income and asset limits, and rounded to the nearest dollar. Please verify with your state Medicaid agency for the most up-to-date guidelines.
