Important Notice about Enrolling in Medicare Part B

-- Read this notice carefully --

You're getting this notice because you have health coverage through both premium-free Medicare Part A (Hospital Insurance) and the Health Insurance Marketplace. Our records show you don't have Medicare Part B (Medical Insurance), but you may be able to sign up now. If you don't sign up for Part B now, you may pay a late penalty if you sign up later.

You may be able to sign up for Part B now

You may be able to sign up for Part B without penalty until **September 30, 2018**. This opportunity is available to some people with Medicare who have Part A and are (or were) enrolled in Marketplace coverage.

How do I sign up for Part B?

To see if you're eligible for this Part B enrollment opportunity and sign up, visit your local Social Security office, or call Social Security at 1-800-772-1213. TTY users can call 1-800-325-0778. Be sure to bring this notice or mention it if you call.

To get the Part B enrollment form you'll need to enroll, visit Medicare.gov and select the "Forms, Help & Resources" tab. Select "Medicare Forms," then "Enrollment Forms." Select the form called "Application for Enrollment in Part B."

What if I don't take action now?

If you don't sign up for Part B before September 30, 2018, you can sign up later during the General Enrollment Period. Your coverage will start July 1, so you may have a gap in medical coverage. You'll also have to pay a higher monthly Part B premium for late enrollment. The longer you wait to enroll, the higher your Part B premium will be.

Generally, there are specific time periods in which you can enroll in Part B. These periods include:

- **Initial Enrollment Period** – Begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.
- **General Enrollment Period** – January 1 - March 31 each year. Your coverage begins July 1 of the year you sign up, and you may have to pay a higher monthly premium for late enrollment.

Medicare can affect your Marketplace coverage

Because you have Part A, you no longer qualify for help paying your Marketplace plan premiums or other costs. If you continue to get help paying your Marketplace plan premiums, you may have to pay back the help you got when you file your taxes. End your Marketplace coverage to avoid paying back all or some of the tax credits you got.

To make sure you don't have a gap in coverage, end your Marketplace coverage **after** your Part B coverage starts.

How do I end my Marketplace coverage?

Your Marketplace coverage won't end automatically. Return to the Marketplace to end your Marketplace coverage, since you'll get the same benefits through Medicare. To end your Marketplace coverage, visit [HealthCare.gov/medicare/changing-from-marketplace-to-medicare](https://www.healthcare.gov/medicare/changing-from-marketplace-to-medicare). Or, call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.
